

## House cleaners 2024

Last week I reached out on Face Book to the “I Love Fort Myers Beach” website looking for possible cleaners.

In case you have any interest, below are the replies I got to my inquiry.

I assume no responsibility if any of these individuals are hired on by a BV resident. Nor do I support, endorse or know any of the names of the people on this list, be it the person making the referral or the cleaner. I am simply passing on names and numbers of people that were given to me when I sent out an inquiry for cleaning help. Contact info is provided IF I was given any. If you do not see it, I do not have it.

I was just thinking that sharing this information might be helpful for others as well as we get close to being able to once again move back into our units.

Pat Smrekar BV 114
